

uCheetah MicroStation CAD Utilities Support Licence : Terms and Conditions

This software is provided free of charge, without warranty of any kind, express or implied.

Under no circumstances and under no legal theory, whether in tort, contract, or otherwise, shall Surjon Consulting cc or John Francis be liable to any user of this software, or the user's employer, or to any other person for any indirect, special, incidental, or consequential damages of any character including, without limitation, damages for loss of goodwill, work stoppage, computer failure or malfunction, or for any and all other damages or losses.

If you do not agree with these terms, then you are advised to not use the software.

No warranty is provided that:
the software will meet your requirements,
the software will be uninterrupted, timely, secure or error-free,
the results that may be obtained from the use of the software will be effective, accurate or reliable,
the quality of the software will meet your expectations.

No advice or information, whether oral or written, obtained by you from the author shall create any warranty for the software.

Licencing:

A support licence will be provided after the administration and support fees are paid in full. The Administration Fee is a once-off fee per Support Licence Code as submitted via the application form. The Support Fee is payable on a calendar year basis, non-pro-rata for the first year. An additional Corporate Fee will be negotiated for large corporations.

Each unique Code (Licence SEED Information) for which a licence is requested, will be billed, irrespective of the circumstances, whether a new Code is generated due to a mistake, computer failure, renewal, hard disk replacement, etc. Each computer installation will have a unique Code and Licence.

NOTE! - The Licence is non-transferable, it expires with the computer.

The Data Request form supplied, i.e. "uCheetahData.exe" must be executed on the computer and hard drive where the uCheetah CAD Utility Software will be installed.

Specific Operation:

The utilities in the software are designed to work within the Eskom drawing office environment. The requirement is that MicroStation DGN files are set up as per the Eskom Drawing office standards.

I.E. Working Units to be set up as follows:

Master Unit: Meters, Label: m
Sub Unit: Centimetres, Label cm
Resolution 100 per Meter
Co-ordinate readout set to 2 decimal places
Levels Numbered 1-63 must exist in the DGN file prior to adding any additional Levels

UNIQUE LICENCE CODE (As per "Licence Seed" in supplied ASCII File): #####-#####
Annual Support Licence fees are valid from January to December.

I have read and understood the "Installation" section of the User Guide (Pages 6 & 7).
